How registration works

All registration is handled through:

<http://anmalan.artgot.se>

Enter your email address to log in. A personal login link is automatically sent by email.

Register as participant

Previous participants are most likely already registered in the system.

New participants should:

- Select Register new participant
- Fill in contact information
- Required fields are marked with *

Please note that your email address is used throughout the registration process and cannot be changed afterwards.

Manage models

Once logged in you can:

- add models
- edit existing models
- remove models
- print model sheets in PDF format

For each model you enter:

- Class
- Description
- Manufacturer
- Scale

You may also add Model Information with additional details about modifications and scratch-building.

The system displays five new rows at a time. To add more models select:
Save changes/add/remove – and you will receive 5 new rows.

A confirmation email is sent automatically every time you save your changes.

Payment using Swish
